Welcome letter and Lease Signing

Prior to move in, you received a welcome letter with details regarding payments and utilities. Your initial payments should have been made in accordance with the letter and at the move-in, you were required to bring the remaining funds. In addition, you should have started your utilities but if you have not, you will be without service as we terminate all utilities effective on your lease start date.

Move-In

Move-in Inspection: We have made every effort to have your home in clean, good condition for your arrival. Please note that newly remodeled homes will not always be as ready as you might think – there is always something that needs to be addressed even after move-in. In addition, every person’s standard of “clean” is different and this property has been professionally cleaned.

You will have the opportunity to perform a walk-through documenting any damage in the property. We have more recently move to an inspection app on our cell phone that allows you to record photos and comments by room. If this is not available, you will be given a paper form.

Our move-in’s are performed Monday through Friday between 10a and 3p. Unless your actual lease start date is on the weekend, any move-in’s performed outside of our posted hours will require an additional charge.

At the move-in, a member of our staff will meet you at the property where you will sign a condition report. You will receive a copy via email and on your portal, and will have 3 days to add anything new that we may have missed. Please read your report and do not send items that are already included in the report. Remaining funds will be due at this time in the form of money orders or bank checks (no personal checks). If payment is not made, you will not receive the keys but rent will not be abated or waived.

The Move-In inspection is for your protection. You should list any pre-existing damage or deficiency you observe in the property. This signed document will be used when we conduct the move-out inspection when you terminate the lease and vacate the property. Its purpose is to document any and all damage to the property that you do not want to be financially responsible for at move-out.

Rental Payments

Your rent is due on the first day of each month and is late if received on the 2nd or later. If we receive your rent on the 2nd day of the month, you must include your late fee as outlined in your lease. Rent is considered paid when we receive it, not when you mail it or when your bank authorizes payment.

Payments are made at www.AtlantaAreaPropertyManagement.com, our online tenant portal. If you drop off or mail payments to our office, you will be charged a processing fee. Make sure you include this with your payment.

Late Rent: It is in your best interest to notify us if your rent will be late. We do not waive late charges so make sure you include the full amount when your rent is paid, or your rent will continue to be considered late. One of our staff members will discuss with you the reason the rent is late and when we can expect payment from you.

Regardless of the payment arrangements made, on the 2nd day of the month if your rent has not been received, you will be sent a demand letter. This letter notifies you that we have not received your rent and notice is being given that we will begin dispossessory action on the 5th.

If you agreed to pay your rent after the 5th day of the month, you will still receive

the demand notice, but we will hold filing the dispossessory warrant until after

your agreed-upon payment date. If we do not receive your payment on the agreed-to date, we will immediately file a dispossessory warrant with the County Magistrate Court. Fees as outlined in your lease or other fees that may be incurred at the time of filing will apply. The county Marshall will serve the dispossessory warrant at your property but if you are not present, the Marshall will attach the warrant to your door and a copy will be mailed to you. The date for appearance in court will be included.

We do not take pleasure in evicting anyone from their property, however; it is our duty to the owner to protect their property and their investment.

This applies only if you are participating in the Tenant Benefits Package. Only Section 8 Housing tenants are exempt. As our tenant, you are automatically enrolled when you sign our lease. You may not opt out and features include:

Reporting/Requesting Maintenance

Before calling, determine if the issue is an emergency.

Emergencies: An emergency is a life-threatening situation such as fire, flood and/or uncontrollable water, electrical problem, gas leaks, etc.

- Emergencies that cause immediate danger or a life-threatening situation, call 911 then call us
- Emergencies involving gas or electric, first call that utility company, second call 911 if necessary, and then call us
- Call us if there is a situation that cause flooding, backed up plumbing, tree damage

An emergency is not a malfunctioning heater, air conditioner, dishwasher, etc, but we do treat these issues as important and will schedule a repair person as soon as possible.

Non-Emergency Repairs: We prefer maintenance requests to be made in writing. It ensures that we receive the details of your repair. Access to work orders is available online at your portal at www.AtlantaAreaPropertyManagement.com under the Tenant portal. You may also leave a text or voice message but please leave details and don't forget your name and address. Please speak clearly and if it is after hours, don't expect an immediate call-back.
